VISION, MISSION, & VALUES

JFSC Vision

The flagship institution for educating national security professionals involved in planning and execution of joint operations.

JFSC Mission

Educate national security professionals to plan and execute joint, multinational, and interagency operations to instill a primary commitment to joint, multinational, and interagency teamwork, attitudes, and perspectives.

JFSC Values

Each of these values is integrated throughout all that we do at JFSC.

- **Academic Freedom.** An education and research climate that fosters and protects free expression, rigorous analysis, and open intellectual exchange.
- **Integrity & Professionalism.** An organizational culture based on integrity, openness, honesty, trust, and ethical conduct. Maintaining a spirit of collaboration and respect for the dignity of each individual is key to integrity.
- **Excellence, Quality Education, & Primacy of the Classroom.** A determined commitment to scholarship, knowledge development, institutional agility, innovation, creativity, openness, and receptivity to challenge the status quo, and enhances the larger goals of supporting national security. Primacy of the classroom is key to achieving a commitment to quality education.
- **Acculturation & Human Dignity.** A spirit of trust and understanding of diverse peoples, ideas, and cultures in a spirit of lifelong professional cooperation and collaboration; always treating each other with dignity and respect to allow students, faculty, and staff to reach their greatest potential.
- **Growth and Development.** An investment in the personal and professional development of the men and women of JFSC, who are our most valuable resource.
